The Discussion in Fayetteville.

and Observer, containing notices of the discussion which took place in that town, on Wednesday last, between Messrs. Bragg and Dockery, Democratic and Whig candidates for Governor, respectively. The accounts in both papers confirm the impression of the debate and its results, which we had already received through a private source, namely, that the advantage although allied and controlling an immense force, rested plainly and unequivocally with the Democratic will hardly be so foolish as to embroil themselves candidate; and to this conclusion, any one who knows the strong prejudices which influence the Fayetteville by throwing a great maritime nation into the ranks Observer, will be at no loss to come, after reading of their opponents. the following paragraph from its notice of the debate:

"Each party, as is usual in such cases, claims the titled to it. We are free to admit, for instance, that the General, what candid men of all parties must con-

than to notice one point, which is essential to a pro- lump on his foot. Look out for him ! per understanding of Mr. Bragg's position upon Inerroneous impression-to use no harsher term-circu-

the position of our candidate: stood on the question. Mr. B. replied that he had him. His position was expressed by the resolution out. of the Democratic State Convention. He was not in favor of contracting such a debt that the means and resources of the State would not be adequate to paying off the interest. This had been his position at by the State if the money was not to be borrowed for the purpose, for that there was no money in the treasury. He hoped that no one would suppose him alleged to have made. It was impossible, he said, to say at this time precisely what the means and redepended to a considerable extent on the success of cannot be distinguished from another. They are in Sea in safety. schemes now in process of construction. If those schemes turned out well, and paid good dividends, then the means of the State would be greatly increased, and he was willing to be as liberal towards harped upon the tremendous debt which he said the of the United States for the District of Ohio: democratic party would saddle the State with; he had exhibited figures to show that the sum of \$700,-000 would have to be raised by direct taxation annually, for that the democrats were opposed to getting a part of the proceeds from the sales of public lands. Now, however, he had changed his tune, and was

C. Appimarking on the desirableness of soft water for the Northwest and Washington Territories, and thence drink hard water if he has access to soft; he will cants will please state their terms, and send their reference, leave the most transparent water of the well for a as none will be received unless they can come well recom river, although the water may be turbid, and even mended. enter New England near Portsmouth, and its path for the muddiest pool." And again, in another place will extend sixty two miles on either side. Boston he says: "Hard water drawn fresh from the well will fall within its path. To those on the central will assuredly make the coat of a horse unaccustomline the sun will appear, during the middle of the ed to it stare, and will not unfrequently gripe or further injure him."

Women and Tears.—These two topics are properly put in connection at the head of our paragraph, side than on the other. The central path of the since, as the logician says, "the latter flows naturally eclipse will be from Kittery, opposite Portsmouth, in from the former." As pathos and June are nearly competent faculty. \$70 00 per session will cover the entire a northwesterly direction, through the towns of Do- opposite sides of the same thing, so wolled try as the same thing, so woll the same thing, so wolled try as the same thing, so woll the same try as the Hill, Grafton and Lebannon The eclipse, will, how- enjoy the latter quite as much as the former. The in the Primary Departmen of North America excepting Guatemala and the it, is to them a satisfaction even more intense than southwest part of Mexico. It will also be visible in that of making a lover jealous or a rival envious .-Ireland, Greenland, Northern Russia, rarts of Swe- Sometimes, indeed, crying becomes an evil, (a "cryden and Norway, the eastern part of Asia, the West ing evil," of course,) like any other amusement when Faculty, or the subscriber. Indies, and in the northern countries of South Amer. it is indulged to excess. Tears, no doubt, may be 'run into the ground," which is certainly "carrying the thing too far." Yet, except for real, heart-felt grief, handsome eyes, whether black or blue, are not oft n spoiled by weeping. As water always finds its level, the lachrymal fountain usually regulates itself, "a wise provision of nature," as moralists say. When a man cries, he is either in deep affliction, or mical; Globes, Philosophical and Chemical Apparatus. drunk. But fortunately, a woman can weep without grief or ebriety. Let'em weep. To damd a wonan's eyes would be as unkind as it sounds profane. Let her cry, if she likes; she will feel the better for and look none the worse. Take away her 'rights,' you will, but don't deprive her of this most beauti il and valuable "water-privilege !"-Boston Post.
